We, counsellors do followup of CG/PGs in every week, collecting the clients, conducting sessions where student feels any discontent for their studies, personal life. Students use to meet me regularly to take any suggestions and advice regarding their career, personal or daily life. Some important counselling we are recording,

As a social worker we have decided that name and classes will not be revealed to anybody, to maintain principle of confidentiality.

Counselling content of this month (Three)

- Absenteeism
- physical health problem (psycho-somatic) & mental disturbance / depression,
- Stress management
- Scientific study management.
- Information.

5th December 2017

Our team conducted general meeting for PG degree students to open up with their problems.

Students were participating ~~to~~ ^{with} a quiz and after the meeting started approaching us with their discontents.

Usually with department and faculty our college is not having any problem in a counselling level. Mostly we get clients about their regular things, physical and mental balance, emotional imbalance etc.

From our counselling committee we use to give adolescence counselling sessions in general too.

Our team conducted General meeting for PG degree students - to open up with their problems.

Usually with departments and faculty and with our college students have no problem. But with their physical, mental balance, emotional imbalance and with the regular things they have some problems. And we help them to overcome with those problems, and one of B.Sc computer science student is about to discontinue his degree, for him we convince to continue with his education.

From our counselling committee we use to give adolescence counseling session in general too.
